CAROL OTIS, dressed as Gretel for the Cinema Production Workshop's slide-sound project "Hansel and Gretel," listens to instructions from director, Sandy Shipman. Jim Petrone (Pepe) and Mrs. Jean Petrone (Mama) of "Flight" get information from director, Robert Ingram.

To Be Presented May 25

Robert Ingram Directs Film For Pasadena High

The Pasadena High School Cinema Production Workshop, advised by Mr. Irving S. Sato, has just completed its second slide-sound project "Flight" and is almost finished with its final production "Hansel and Gretel."

"Flight," based upon a short story by John Steinbeck, premiered Friday, April 15, at the home of Carol Otis. It stars Jim Petrone as Pepe, Mrs. Jean Petrone as Mama, Tori Petrone as Rosy, and Mark Hyde as Emilio. The speaking cast includes Paul Liffon as the narrator, Neil Merino as Pepe, Zylfa Falco as Mama, and Hank Clement as Emilio. Screen playwright was Paul Liffon, speaking coordinator was Hank Clement, committee coordinator was Dennis Pratt, and student director was Robert

Ingram. The filming of "Flight" took place in the Monterey-Santa Cruz area, Pasadena, Sierra Madre, and Palos Verde. Last April 23, this \$250-project was presented at the University of Southern California for the annual California Scholarship Federation Conference.

"Hansel and Gretel" will be ready to premiere on May 6. Hansel is played by Doug Mitchell and Gretel, by Carol Otis. Other posing characters include Frank Blumer as the father, —Please turn to Page 12

Our Visit To the Toy Loan Center Headquarter In L.A.

(The following report is a collaboration by a three-member committee from the 15 Toy Soldiers who went on this group's first tour of the Toy Loan headquarters in L.A., accompanied by Mrs. Helen Peterson, Toyarian, and Mrs. Irene Jackson, Toy Loan Chairman for the sponsoring Civic Club. Mrs. Jane Holcomb, 515 E. Sierra Madre Blvd., 355-2575 is the chairman of the Toy Soldier group; she hopes to arrange another tour after school closes. Volunteers wishing to register should call her. Active members now total 25.)

Our trip to the Toy Loan center was very fascinating. We went through various departments of interest. The first department that we visited was the game room where games were being repaired and mended. There are various selections of

games such as Monopoly and Bingo.

The second department we visited was the school rooms. Uneducated people were learning the basics of reading, writing, English and math. A majority of the people were Spanish and could not speak or write English. There was also an electronics class. The men in the electronics shop were drawing the floor plans of houses. Before we entered the electronics class we passed through a room where we found different parts of dolls.

The fourth department we visited was the doll repair. —Please turn to Page 5

Woman's Club Brings Home Basket Full Of Awards

Sierra Madre Woman's Club holds its next meeting at 11 a.m. Wednesday, May 11, in the Clubhouse, 270 W. Sierra Madre Blvd., Sierra Madre.

Delegates to the Verdugo District CFWC yearly Convention at the Huntington-Sheraton Hotel in Pasadena, April 29-30 will report, according to club president, Mrs. Roy E. Griffin. The club certainly made a fine showing in awards this year, winning firsts in "Nationalities," "Home Management and Finance," "Family Living," "Citizenship," "Legislation and Government," "Leadership," "Public Education," and "Motion Pictures."

Second place, in their club category, was awarded in the departments of "Health and Welfare," "Religion," and "Indian Affairs"; third in "Children and Youth," and "Community Improvement."

Also special citations for donations to the "Congressional Medal of Honor Grove" project, for reports on the "Diamond Jubilee" and "Jewels of Federation" and recording of historical

events. In addition the president received a citation for the excellent quality of her report and Mrs. Maybelle Barker one for her historical report. All this and the six citations in creative arts which we mentioned last week.

The afternoon program for the luncheon meeting will be given by Kirk Kirkham who, as a master magician, has held audiences spellbound from coast to coast. He will speak on the topic, "Magic in Foods."

The club is showing another fine art exhibit in the auditorium by a local artist, Mrs. Ena Bonney. Mrs. Bonney has had a diversified training in painting; two years at the Art Institute of Chicago, Chouinard School in Los Angeles, and was a privileged student with two Italian painters.

Every art lover should avail themselves of the opportunity to view them.

Luncheon will be supervised by Mrs. Jack Tilley and reservations should be made by Monday, May 8, at 355-9123, 355-8190 or 355-9635.

John and Janet Invite You

Realeteria To Have Open House Saturday, May 7

Sierra Madre Realeteria, owned and operated for the past 15 years, by John H. Curtis and his wife Janet, at 304 West Sierra Madre Blvd., is now moved to 25 South Baldwin Ave.

In this issue of the Sierra Madre News is a general announcement of the grand opening given by John and Janet at their new location on Saturday, May 7, 1 to 4 p.m.

During the time that John Curtis has operated as a real estate broker in Sierra Madre he has held the positions of president of the Kiwanis Club here, four-year president of the Chamber of Commerce and is now president of the Arcadia-Sierra Madre Board of Realtors. Locally, Curtis is a member of the Sierra Madre Community Hospital Board of Directors and is chairman of the finance and public relations committees.

Realeteria — the name given the Curtis plan of listing display — was placed extensively with real estate brokers in California and other western states some 15 or more years ago. John Osgood, a former real estate broker in Sierra Madre, was the one who installed the Realeteria service in Sierra Madre. It was Osgood's persuasion that led Curtis to give up placing this service with other brokers and go into the selling of real estate on his own. The history of what he has done locally is well known to the people of Sierra Madre.

Added to the Realeteria plan of listing display, both inside and outside of his office is the powerful added feature of Multiple Listings, which gives the Curtis office the opportunity to participate in the showing —Please turn to Page 7

Another Meet On Civil Rights

ALAN STANG

Alan Stang, prize-winning author and lecturer of the civil rights movement, will make his first Southern California appearance (the only one in this area), when he speaks at Sierra Madre School auditorium, 141 W. Highland Ave., at 8 p.m. Monday, May 9.

His topic, "The Making of a Revolution," is an extension of the research and on-the-spot reporting which went into the book, "It's Very Simple," for which he received the 1965 award of the American Academy of Public Affairs at the Los Angeles Breakfast Club. In this volume, he charges that "... despite all the idealistic and good people who have been deceived and pulled into the operation or into support of it, the 'civil rights movement' is for the most part a Communist operation under the cloak of which the Communists wish to capture this country." He also takes a close look at the anti-poverty program and its implications. Autographed copies of "It's Very Simple" will be available at the talk.

Mr. Stang's appearance in Sierra Madre is sponsored by the American Opinion Library.

VFW Elects Commander

At its regular annual election members of the Harry L. Embree Post 3208 of the Veterans of Foreign Wars elected Karl Heimbruch, commander; George Jetter, Sr. vice commander; Bruce Brischoff, Jr. vice commander; Ernest T. Bailly Jr., quartermaster; Roy Davis, chaplain; John Szerszen, post advocate; Dr. Earle C. Manning, surgeon; William D. Marsh, 3 year trustee for the ensuing year.

Installation will be conducted in West Covina on May 21.

The post is holding its annual Mother's Day Breakfast, Sunday, May 8, from 9 to 12, at their club house, 40 E. Montecito.

All mothers invited free. Daddies have to donate \$1, and children 50 cents. The menu consists of bacon, eggs, coffee, and pancakes.

At Mercy of Capital Improvements

Parks and Recreation Air Plans and Budget Problems

The annual budget for 1966-67 occupied most of the monthly meeting of the Parks and Recreation Commission on April 23. Among the major items of expenditure established as sound economy were two which provoked considerable discussion. One was the recognized need for a new combination youth center and concession stand in Sierra Vista Park as opposed to the high cost of repairs to bring existing facilities up to city code and still have inadequate facilities not likely to stand up for long. The other was the estimated cost bid for landscape work plans with or without completed work for the Santa Anita parkway and a master plan for landscape work in Sierra Vista.

It was clarified that work on Santa Anita Ave., since this is a main thoroughfare, would come from the returned gas tax fund No. 2107, which if not used for Santa Anita would remain in the state general funds and be available for work on other thoroughfares.

A preliminary estimate on plans for Santa Anita, at \$950, would include in its scope of services, the following:

1. All required conferences, preliminary drawings, preliminary cost estimates and all required revisions.
2. Preparation of

working drawings covering installation of planting and sprinklers. 3. Preparation of specifications covering installation of work set forth in the working drawings. 4. Supervision of the installation including analyzing of bids, periodic trips to observe the progress of the work, performing all required inspections and recording "as built" information on the original tracings.

It was pointed out during the discussion that not only would the cost of such careful planning come from monies due the city from Gas Tax Revenues but that the cost would actually pay for itself within a year due to reduced maintenance needs.

A written communication suggesting economy by the use of citizen volunteers, such as Girl Scouts, was vetoed after discussion, and Director of Parks and Recreation Dick Dodge was instructed to explore further the possibility of other bids from local people if licensed landscape architects, and acceptable to the City Engineer.

The story on Sierra Vista facilities is not a new one, but it was further clarified and emphasized that the present inadequate facilities, standing in the way of —Please turn to Page 10

MAYOR APPOINTS WORKERS

Maddox-Wagner Placed On Capital Improvements Com.

At an adjourned meeting of the City Council called for the hour of 7:30, Mayor Parks made his appointments of Committee Workers for the coming year:

Councilwoman Maddox and Councilman Wagner were placed on the all-important committee of Capital Improvements. It will be for them to make recommendations as to disposition of the Youth Hut for Sierra Vista Park, and as to what will be necessary for the alleviation of the space problem of the Police Department and Fire Department as well as the condition of the City Hall.

Councilman Sorensen and Mayor Pro-Tem King were given the task of Personnel. It will be their job to meet with employees, and iron out the problems that face the city during the next year.

Councilwoman Maddox was appointed representative to the Library Board and Councilman Wagner as representative to the Parks and Recreation, with Mayor Pro-Tem King, drawing the Planning Commission. Councilwoman Maddox was given the liaison officer's position on the Fire Commission, and as Mayor Parks is an automatic director of the L.A. Sanitation District No. 15, he chose as his alternate Councilman Sorensen.

Appointments to other positions will be forthcoming in the near future, and appointments to the Parks and Recreation and Library Board to fill vacancies will be made prior to the expiration of terms in July.

Contents of the proposed Resolution to be sent to the L.A. County Flood Control District was discussed, and will be presented for adoption and passage at the regular meeting on May 10, and being dispatched to the district board by their requested deadline of May 12. —Please turn to Page 5

Historical Society To Present Speaker

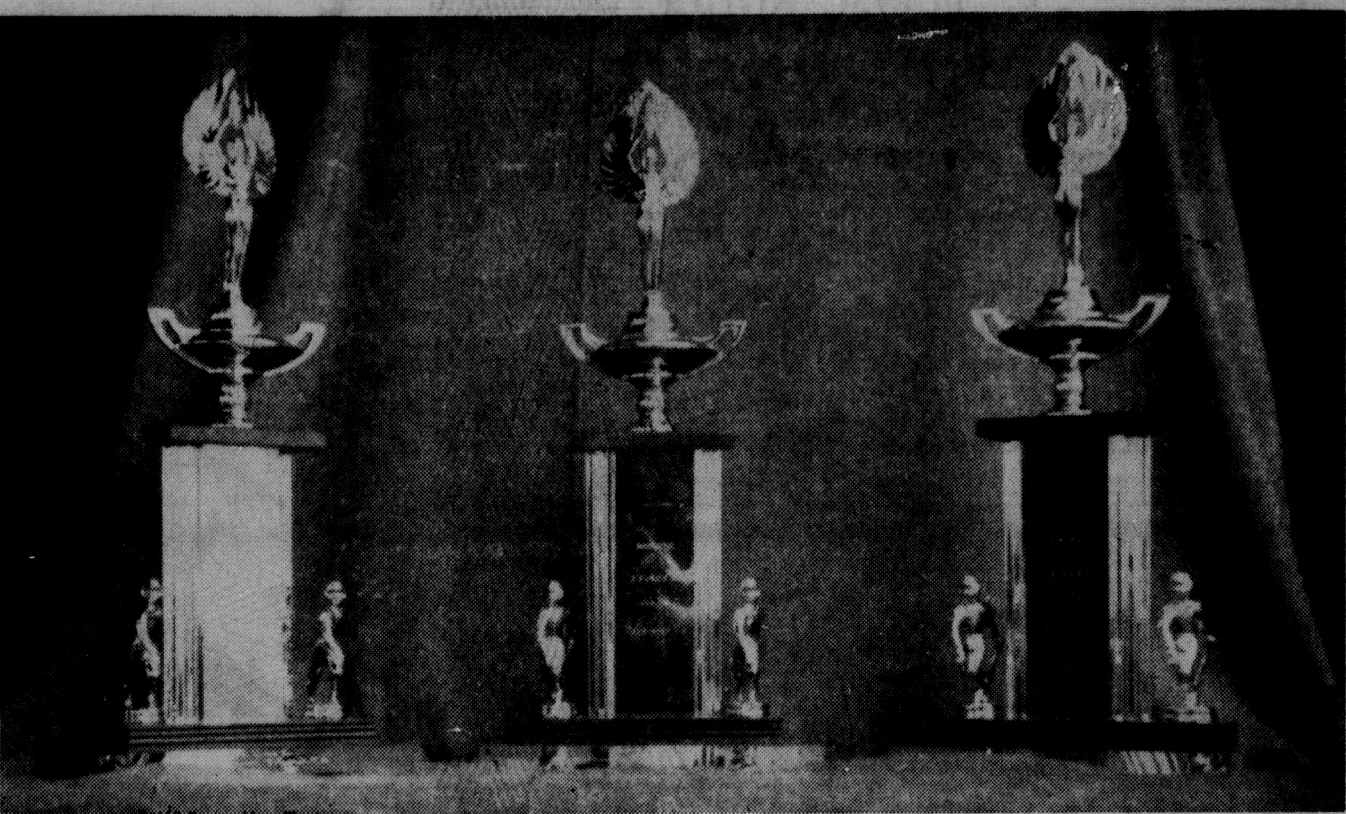

Dr. Edwin Carpenter of the Huntington Library will discuss the early history of the San Gabriel Valley at the program for the annual dinner sponsored by the Sierra Madre Historical Society at 6:30 Monday, May 16, at the Sierra Madre Woman's Club House, 270 W. Sierra Madre Blvd., Sierra Madre.

Dr. Carpenter is the western bibliographer of the Huntington Library. He is conversant with the events of the early days in Arcadia, Pasadena, San Marino and Sierra Madre.

The committees in charge were announced at a recent board meeting of the Historical Society by the president, Mr. Raymond D. Andrews. The decorations committee includes Mmes. Lolita Osborne, Randolph Wood and Helen Hill. The reception committee is Mrs. Gladys Carter and Mr. Raymond Andrews. Arrangements are in charge of Miss Clara Sykes, Mr. Roy Pickett and Mrs. Converse Twycross.

The Sierra Madre Historical Society has under way a project of recording interviews with citizens who have contributed to the city's development.

For reservations for the annual dinner meeting, telephone Mrs. Raymond Andrews, 355-9588. Tickets are \$2.50 each.

THE THREE SIERRA MADRE Baseball Trophies were given Saturday, April 30 to the winning teams of the 1965 season. Bob Jones, manager of the Stars; proudly accepted his for the Minor League. Lee Skarin, manager of the Red Sox, in Little League, having won two years in a row, received his for keeps, as did Jim Nickloff of the White Sox and the Babe Ruth League. Three new trophies are ready for the 1966 season.

Fruitful Search By Rescue Team

by BILL WARK

The Search and Rescue men of Sierra Madre spent Sunday night in a particularly hard and gruelling search for four Sierra Madrans long overdue from a hike along the beautiful Old Mt. Wilson Trail.

The group consisting of Jeanne Doerner 38, 425 W. Sierra Madre Blvd., her daughter Kelsey 3, Christine Schmidt, 14, 67 E. Sierra Madre Blvd., and Kenneth Penland, 18, 47 E. Laurel St., left their car at the foot of the trail 11 a.m. When they failed to return by 10:30 p.m. Larry Brown, of 425 W. Sierra Madre Blvd. called the Sierra Madre Police who called the Search and Rescue Team.

In groups of two and three the rescue men fanned out across the mountains. While some were checking the Old Mt. Wilson Trail, another group was scrambling up and climbing over the waterfalls along the good quality bed rock of the stream. Another group followed the Mt. Wilson Toll road, but the road has been destroyed by Mt. Harvard and they hiked all the way to 5710 ft. high Mt. Wilson. Another little group of rescue men came in from Chantry Flats along the up-

Competing With 22 Clubs

Civic Club Wins 19 Awards At Convention

The Annual Convention of the 22 clubs of Verdugo District, California Federation of Women's Clubs, proved to be an exciting experience for delegates representing the Sierra Madre Civic Club on April 28 and 29, at the Huntington-Sheraton Hotel in Pasadena. A total of 19 awards were given to the Civic Club.

The club garnered several Sweepstakes Awards (this is in competition with all 22 clubs in the Verdugo District, any size membership. Some clubs have memberships of 200) in the following categories:

Children and Youth, Community Improvement (a 2-year award), and Public Affairs. President Mary Jones won two awards for: Reporting and Procedure Book. For the first time in the Verdugo District's history, a Special Trophy Award was presented Civic Club for fund raising projects and most club participation.

In competition among clubs in their own classification (1-50 members), First Place Awards received were: Home Management and Finance, Children and Youth, Veterans Affairs, Safety, Public Affairs, Health and Welfare, Community Improvement, Public Education, California History - Landmarks and Leadership.

Second Place Awards were received for: Citizenship and Family Living.

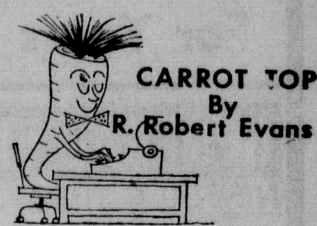

The Club was presented with the Charter of the California Federation of Women's Club signed by the state president, Gwendolyn S. Bryant. Attending the convention with Mrs. Jones were: Mrs.

Senior Citizens To Recognize Mother's Day

Members of the Senior Citizens group will recognize Mother's Day in a unique manner next Saturday when they meet at the Park House for their weekly luncheon. All have been requested to bring a photograph of themselves taken during their teenage years. A guessing contest will follow the exhibit; prizes will be awarded to those recognizing the most faces.

The afternoon program featured Mr. Earl W. Hoover of Arcadia who entertained with hi-fi Hawaiian music. Plans are being made for a trip to Sea World in San Diego.

Guests of the day were: Mrs. Emily Guinet, a former resident who is only a guest of the William Maxwells; Mrs. Alma Schlegel, Santa Anita Senior Citizen, Arcadia, and Mr. Earl Hoover, Santa Anita Senior Citizen, Arcadia.

We now have our 1966 Sierra Madre Baseball season well on its way. Now all we have to do is to sit back and wait for Frances King to present us with the Fourth of July parade and activities. —CT—

We understand that she is really working hard this year to make it a memorable occasion, one that will be fully enjoyed by oldsters as well as the youngsters ... watch for further announcements to come. —CT—

Since we lost our longtime employee, Jody Beavers, last month on her move to either Georgia, Alabama or North Carolina, our new Classified girl, (my wife Peggy) has been getting along pretty good. —CT—

By the first of April she was just a novice ... She's getting so good, I've decided to double her salary. I can afford it. Two times nothing ... is nothing. In fact, if she keeps up the good work, I may double her salary again in a couple of weeks. ... I'm really giving it some deep consideration. —CT—

Of course with the income tax brackets going up in May, she has decided that this tremendous addition to our income might jeopardize our financial standing, so she is now in the process of educating a new girl for the job ... Tonya Hassley migrating here from the fair city of Pasadena has all the earmarks of being a honey within a very short two weeks ... we're looking forward to the time. —CT—

I read an article the other day that really brings home a lot of understanding ... the article in part stated that "three quarters of the earth is covered with water" ... no wonder the real estate brokers are getting restless ... from that point on I figured that the real estate boards of the nation must have a gigantic lobbyist in Washington, because the article kept referring to unrestricted access to the "free real estate" of the seas. I just guess they are trying to expand. —CT—

Speaking of real estate and real estate brokers, we offer our congratulations to John and Janet Curtis on their new location on South Baldwin. The move is now completed and they are ready for activity. Drop in and look over their new business home, right close to the post office. —CT—

Conglomeration is fast making their move to their new location where John and Janet had their real estate business ... and it is rumored that soon we may have a new children's ready-to-wear in the Conglomeration building on North Baldwin. When you add to this Cici's move across the street into the former McKibben Furniture building, it makes quite a moving encounter for the business district ... all for the better we hope. —CT—

We were happy to see Sierra Madre's business up almost 5% for the year 1965. —Please turn to Page 15

Legion Auxiliary Co-Sponsors Girl

Susan Jane Zimmerman, daughter of Dr. and Mrs. N. F. Zimmerman, has been chosen as the alternate and will be eligible to attend Girls State only if Nancy Ann is unable to be there. The sponsorship of a girl to Girls State is not only a worthy investment in the education of the selected girl, but also a good investment in the conscientious and knowledgeable citizenship of the future generation.

The San Marino American Legion Post No. 239 is a co-sponsor with the Sierra Madre Unit No. 297, American Legion Auxiliary.

Nancy Ann Bauoth, daughter of Mr. and Mrs. Harry W. Bauoth, has been chosen as the 1966 Girls State delegate for San Marino High School for the 23rd annual session of California Girls State, sponsored by the American Legion Auxiliary, and held on the Davis Campus of the University of California the week of June 20-28. Five hundred and sixty high schools have enrolled in this week of intensive training in Americanism and government, and representation is limited to one girl from each high school.

National Maritime Day Set As May 22; Importance Is Noted By Mayor Parks

Mayor Frank R. Parks, Postmaster Guy Rossi, and civic leaders joined this week in placing the new National Maritime Day poster on the city's mail trucks. The ceremony and the poster highlight the American Merchant Marine and its importance to the nation.

The poster shows a large cargo ship flying the American flag and carries this year's slogan "American Ships Chart America's Future."

It will be displayed in post offices and on all mail trucks throughout the country for the entire month of May.

May 22 is annually proclaimed by the President as "National Maritime Day" to publicly recognize the importance of the American Merchant Marine, its ships and the men who sail them. The date commemorates the sailing of the first trans-oceanic steamship, the SS Savannah in 1819. Because May 22nd falls on a Sunday this year, the President has requested that citizens observe National Maritime Day on Monday, May 23rd by flying the flag and through appropriate ceremonies.

Mayor Parks noted that "the American Merchant Marine plays a vital role in the development of our national security. Exporting is necessary to sell surplus agricultural commodities and industrial products, while imports supply raw materials for most of our basic industries as well as for the satisfaction of consumer demands."

"The contribution of the American merchant marine to U.S. military commitments cannot be overlooked. U.S. operations in Southeast Asia today require the full support of American shipping."

Rho Chapter To Have Big Night

A "big night" is on tap for members of Rho Chapter of Beta Sigma Phi when they meet Thursday, May 5 at 8 p.m. at the home of Mrs. Brent Rock of El Monte.

Mrs. Russell Richardson, president, will preside over the meeting for the last time as she ends her year in office.

The "ritual of jewels" ceremony will be conducted by Mrs. Richardson for Rho's two pledges; Mrs. Jack Gebhardt and Thomas Jamieson. This ceremony signifies the successful completion of the formal training for new members of Beta Sigma Phi.

Installation of new officers will also take place this evening. The new board will be headed by Mrs. Robert Curtis, president; and Mrs. Ronald Shoup and Mrs. Walter Christiansen as vice presidents.

Final plans will be made for a mixed barbecue to be held at the home of Mrs. Rock on Saturday, May 7. The theme of the party is "Rho's Last Roundup."

Members are asked to come attired in western garb.

Mrs. Rock is chairman for the party and is assisted by Mrs. Shoup, Mrs. Kirby Shaw, Mrs. Thomas Bates and Mrs. Charles Wright.

At the chapter's last meeting Mrs. Bates was presented with an award for the "best program of the year."

Cobwebs

Angeles.

Mrs. Mabel Belder of 233 Mariposa is hostess at dinner honoring 84th birthday of E. B. Doolittle. Guests, in addition to Mrs. Doolittle, were Mr. and Mrs. Richard Pendergast and son, Dick.

Thirty children participate in picnic given by Children's Drama Guild, with Wilma Smith and Norma Hibbs as hostesses. Three engagements for Guild production of the Mysterious Princess are scheduled.

Frank Lovell is honored by a surprise birthday party; guests are Mr. and Mrs. Roland Adams, Mr. and Mrs. Emile Smith, Mr. and Mrs. D. W. Cardwell, Mr. and Mrs. W. D. Richards, Mrs. John Brain and Miss Mabel Appleby.

Fifty Years Ago: April 28, 1916

When "Home Reciprocity" day is held at Woman's Club to explain work of various groups, the following speak: Mrs. Maughlin, for the Girls' Friendship Society; Mrs. W. E. Walker, Ladies' Aid; Mrs. Passo, Eastern Star; Mrs. Pierce, Dickens Fellowship; Miss Webster, Woman's Guild; Mrs. Crisp, Ancient Priscillas; Mrs. Collins, Modern Priscillas; Mrs. Legendre, Red Cross, and Mrs. Welscher for the "Eleven and One" Club.

Milton Steinberger of Sierra Madre Garage installs a new type pressure gasoline pump which shoots gas into auto tank at rate of 5 gallons per turn of a crank.

Golf Girls Tangle It Up For Trophies

The Eaton Canyon Women's Golf Club "hostessed" an Invitational Tournament with the Altadena Women's Golf Club as their guests. The event, held Tuesday, April 26 at the Eaton Canyon Course, paired an ECWGC member with an ECWGC member in a partner's "best ball." Sixty-one members of the two clubs participated. Winners in each flight were awarded trophies while runners-up were given golf balls.

Taking the "honors" in "A" flight were Ruth Dunning and Eleanor Woodford. Runners-up were Flo Temmesfeld and Flo Edmundson. In "B" flight, Nicky Riordan and Charlotte McClung were first, followed by Doris Pooler and Sylvia Wajcicki. "C" flight's first place was won by Gwen Berg and Elsie Nulle while Ann Chisler and Bev Williams were second.

Coffee and doughnuts were served before tee-off and after lunch the awards were presented to the winners of the nine hole tournament. Nicky Riordan and Gloria Keough of ECWGC were in charge of the event.

CONTINENTAL BRINGS INTERNATIONAL CHIC TO PASADENA

Leading hair stylists and beauty specialists from all over the world met recently at the International Beauty Show in New York City to display their expertise and to exchange information on the latest trends in international beauty. Mr. Perry Monita, who shares the ownership and management of Continental Hair Fashions with Andre Giraud and Don MacLean, attended the show along with three other members of the Continental staff. He returned full of enthusiasm for the spring hair styles created by world leaders in the field. "Gaiete," the hair fashion shown here, was created by Enny of Italy, an inspired stylist Mr. Perry greatly admires. Mr. Perry comme n t s,

"This hair fashion delighted me with its soft flattery for the face and the soft curls that start at the nape of the neck, bringing out the neckline and curving forward to give the face a young, lifted look. Of course the basis of this hair fashion, as of all those shown at the show, is the expert cutting and the permanent which gives the hair-do body and shape. We saw so many exciting hair fashions at the New York show that we're eager to share with our San Gabriel Valley clientele. There's a perfect fashion for each of them among the new styles." Be sure to pay a visit soon to Continental Hair Fashions, 500 E. Green Street, Pasadena, phone — SY 6-6178.

Mr. and Mrs. Donald Wilson Announce Daughter's Engagement, June Nuptial

DIANE WILSON
... Engaged

Mr. and Mrs. Donald E. Wilson of Olympia, Washington have announced the engagement of their daughter, Diane to Donald J. Yarnell, Jr., of San Diego, son of Dr. and Mrs. D. J. Yarnell, residents of Costa Mesa. Miss Wilson now resides at

6123 Montezuma, San Diego. The bride-to-be graduated from Pasadena High School in 1962 and is at present a senior at San Diego State college, where she is a member of Gamma Phi Beta Sorority. During the past year she has served as Associated Women Students President of the college.

Her fiancé is a graduate of Harbor High School in Newport Beach and of Orange Coast College. In June, he, too, will graduate from San Diego State College, where he is a member of Alpha Tau Omega fraternity.

The wedding will take place on June 12 at Newport Beach.

MEMOS FROM YOUR Stylist

By LOLITA

Contemplating hair coloring? We might point out that hair in poor condition is a poor bet for a satisfactory coloring job. Unusual dryness, breakage, or more than normal falling out are conditions that call for conditioning to return your hair to a healthy state.

Coloring a test strand before the whole head is done is a sensible way to determine that your hair is free of the spongy gumminess that indicates more treatment is advisable.

Still on the subject of color—we make a specialty of all types of coloring from frosting and tipping to tints and bleaches. We're experienced, too, in conditioning hair safely and properly before any coloring is attempted. Let's talk color soon at PETITE BEAUTY SALON, 185 W. Sierra Madre Blvd. ... phone EL 5-8041 ... Open 6 days ... Thursday evenings by appointment ... Coffee ... parking in rear.

THIS WEEK'S HELPFUL HINT: Ladies, you can keep diamonds sparkling by brushing with toothpaste and rinsing in cold, clear water.

Park meetings are perking up; actually had a few members in the audience last week. Wonderful little John Hersey used on his account of President Kennedy's PT boat sinking and rescue: "A Sense of Community." If more people and parents will come to these meetings and improve communications just by being present and learning the facts, it should upgrade our Sierra Madre "sense of community."

— ☆ —
And speaking of parks, the annual Wildflower Show of Julian will be held in its Community Hall during the next two weeks, beginning May 7.

AT HARTMAN PHARMACY WE STRIVE TO SERVE YOU

An APOTHECARY

Weights & Measures

Mother's Day and Our Anniversary

This week, Wednesday, our 56th year ends and we start our 57th in Sierra Madre just before Mother's Day, for it was on the 5th of May, 1910, that the Hartmans took possession of the one year old "Red Cross Pharmacy." It was renamed F. H. Hartman, Druggist and stayed as such while I served my five years apprenticeship, earned my degree at USC and my license from the State of California. It became F. H. Hartman & Son until my Dad retired and we settled on HARTMAN PHARMACY.

When we Hartmans arrived in Sierra Madre, it was just a small village with lots of wide open spaces, but when one drives around and sees the scarcity of land and the necessity of "going up" with apartments, our village is growing up and becoming of age. For the record, when we came we often thought of how friendly and sincere the people were here, and we still think our Home Town folks are nicer and friendlier than ever. We really like it here!

Now for Mother's Day. Our gals have some of the nicest things for Mother, real chic things that will express your deepest affection for her. And, Bill, not to be outdone, has an Instamatic Camera for HER, that she can and will use — no gadgets, just drop in the film and shoot — and get perfect pictures every time.

We will be looking forward to seeing you often in our "57th."

You and Your Neighbor

by Mary-Madeleine Lamphier

The Arnold Knudsen, 683 W. Grand View are new in Sierra Madre, but not in the area since they were living in Upper Hastings Ranch for a year while Mr. Knudsen commuted to San Fernando and kept on with his studies toward his master's in electronics. Now that he is with EOS and they have bought their own home here, Karen 7, and Christine 6 will be going to Sierra Madre, but Lois, being only 3, will have to wait. Karen is in a Brownie troop and her mother will be helping with day camp this summer, but this winter she has been to busy helping her husband on his thesis to join clubs... typing, doing drawings and figures and equations for the final copy. She admits wryly that her Mother's Day

gift last year was a typewriter — sort of like getting a washer for Christmas! Soon now, though, her husband can add M.A. to some other initial letters — IEE and the engineering honor societies, ETA, KAP-PA NU and TAU BETA PI. With her father, Captain Allen Zollars, USN ret. now teaching at Cal Poly at San Luis Obispo, and her twin sister about to get her teaching credentials, Mrs. Knudsen is kind of hemmed in with the brainy. She has esp mysteries for consolation; in the wondrous, love-lavished older home they've acquired, way on a top shelf she found an ash-tray from Chile, with the naval coat-of-arms. Quite eerie, this, since she spent several years in Chile as a girl when her father was sent as naval attaché to the U.S. naval mission there to organize ship building and so forth. Further note: her father, herself and her husband are each a twin, but have no twins of their own yet on whom to use this wealth of experience.

Another class of interest is the free one on driver education beginning Tuesday evening, May 10, at Jefferson Recreation Center, 1501 E. Villa. Morning session is Wednesdays beginning same week. Call SY 3-9177 to register, which is required though no fee.

Mr. and Mrs. John Neale of 115 E. Laurel had a pleasant surprise visit last week from old friends, Mr. and Mrs. Frank Blaske of Atlanta, Ga., who were in the city while on a trip to the West.

Mayor Appoints

Councilwoman Maddox requested that the salaries for City Clerk L. Marie Warfel and Treasurer Tom Schwartz be placed on the agenda for the next regular meeting.

The council, on motion of Councilwoman Maddox went into Personnel Session at 8:55, and returned to the Chambers at approximately 11:35.

The most active problem facing the Council is the preparation of the 1966-67 budget and the assessing of the tax levy for the coming year. Meetings will be long and many in the weeks ahead as the Council meets with department heads and carefully weigh their desired expenditures for the coming period.

Another really busy Little League family is that of the Thomas Dancy's, 235 S. Baldwin. Not only did son Jim win himself a baseball mitt for selling 151 Booster tickets, but Mrs. Dancy, although she has a toddler of 20 months, young Michael, and ten-year-old Theresa to keep school-shape, has undertaken to be chairman of the baseball dance. Bravo, is all I can say!

Our Visit To

pair shop. There we saw women sewing dresses for dolls. All the broken dolls have to go through plastic surgery. The women in this department repair and mend the dolls. Then we visited the Doll House. In the Doll House we saw all the mended dolls ready to be shipped to various Toy Loans of Southern California. We then saw artists painting the facial features of the dolls' faces. Then we returned to the bottom floor where we saw all the mended toys being grouped to be taken to the different Toy Loans. This is our report on our educational trip.

(All attend St. Rita's School and are in class 7-A) When the girls brought in their report to the News office, they were each asked what they liked best about their volunteer work as Toy Soldiers so far. Here are their answers. Lorri: "I like sanitizing the toys because I get to know the toys and can help more that way." Maureen: "I like being in the Toy Soldiers because I get to help the little kids." Jamie: "I like sanitizing because it's fun and gets you up in your social ability and to help people."

PTA Carnival

or girl to his request — be it Indian warrior, glamorous movie queen or "What's new Pussycat?" The tall lady wearing the dress of many pockets will circulate. She has an exciting prize for the picking in each pocket. Youth groups will also participate with their own fund raising booths. Cub Scouts, with parents assisting will sell hamburgers, hot dogs and tacos. Plan to have lunch, dinner or both. There will be popcorn, cotton candy, coffee and cold drinks. Girl Scouts and Camp Fire girls will have the popular (with all but the clean-up) confetti egg booth.

Don't miss the bake sale of homemade goodies, white elephant bargains, and various plants (seedlings, bulbs, succulents, etc.) for sale.

Featured performance in the school auditorium is the Hallett Bros. Circus. These are a group of talented high school students and their exciting show will be given three times at 1, 2 and 3 o'clock.

So mark May 14 in red on your calendar. You won't want to miss this carnival, "bigger and better than ever!" says the Embrees. Admission is free.

Services Held

For Rollo Cobban

Funeral services were held Saturday, April 30 for Rollo J. Cobban, aged 82, who passed away suddenly at home on April 27.

Mr. Cobban was an electrical engineer with Hawaiian Electric Company, coming from Minnesota some 15 years ago and a resident of Sierra Madre for the past 14 years, maintaining his home at 180 S. Mountain Trail.

He leaves three sisters: Mrs. Delphia Bennett of Sierra Madre and Miss Mabel R. Cobban, also Mrs. Lyle A. Wordan of Robinsdale, Minn.

Reverend Mark Trotter officiated with interment private in the Inglewood Park Cemetery. Ripple Mortuary of Sierra Madre is in charge of arrangements.

As Ives Sees It

TAKE YOUR MOTHER TO A RODEO

Producers of Sunday's Rose Bowl Rodeo would like to have it declared National Take Your Mother to a Rodeo Day. Since it is Mother's Day perhaps it would be a good idea to take the kids, wife and mamma down to the big saucer for an afternoon of sunshine and entertainment.

It will probably be the first and last time that Dorn, Reagan and Christopher will all be in one place and none of them make a speech. All three will appear in the big Grand Entry. As of this writing, Sam Yorty was committed to speak at a Police convention in Boston and Pat Brown figured to stick close to the Capitol Building.

JOINING THE THREE REPUBLICAN NOMINEES will of course be John Longden, the Grand Marshal, Kam Nelson, Miss Rose Bowl Rodeo, the cast from TV's Melody Ranch, and such riding groups as the Mexican Charros, Arcadia Mounted Posse, Jr. Rose Bowl Riders, the Apalosa Riders, the Wilson Co. team of Clydesdales, and a gold-plated ancient car from Nudies. I shouldn't forget Jack Callahan and Bill Crook who will be sporting the heavy silver saddles on their Palomino horses.

ALL THINGS CONSIDERED—Please turn to Page 13

Villa Views by Toni

If there was something to be done she somehow figured out a way to do it. We still shake our heads and wait for the unsurmountable, and she is still showing us that CAN'T is the largest wall we can build. With this philosophy she developed untold talents in herself and in turn influenced her children to be more than we could have been without her example.

I rejoice that I can tell her she has been a wonderful mother and cherished and delightful friend. Thank you, mother.

Happy news here on the hill, Mr. and Mrs. John J. Bock of Manlius, New York, have announced the engagement of their daughter, Miss Mary Gail Bock to Roland Edgar (Dugan to us on the hill) Garlinghouse, son of Mr. and Mrs. Leslie Garlinghouse of Sierra Madre Villa.

The bride-elect is a sophomore at Russell Sage College where she is majoring in art education.

Dugan, who attended Wilson Junior High and Pasadena High School, will be graduated in June from Rensselaer Polytechnic Institute, in Troy, New York. He is a member of Pi Tau Sigma, national mechanical engineering honorary, and past president of Theta Chi fraternity. He is listed in Who's Who in American Colleges and Universities.

The young couple is planning a summer wedding.

Mr. and Mrs. Walter Dorn of Sierra Madre Villa had a delightful weekend recently in San Diego County. They went down to join Mr. and Mrs. Warren Dorn, and the Senior Walter Dorns. Warren addressed a group at the Republican Women's Club in La Jolla, and later rode in the Carlsbad annual parade in a special car provided for the occasion. The fact that he is in the race for governor was a well advertised secret as his sponsors in the area had printed balloons reminding the voters of the fact.

Mr. and Mrs. Harlan (Al) Dunn and Mr. and Mrs. Bob Gobrecht have a just reason for special pride today. Their sons, Harlan Dunn and Bob Gobrecht will both receive their awards as Eagle Scouts before the Court of Honor this evening. Harlan is a member of Explorer Post No. 377 with Vic Harris as the advisor, and Bob is from Troop No. 374 with Jack Washburn as Scoutmaster. These boys have both worked very hard to achieve this honor, and the pride in their accomplishment is shared by their many friends as well as their families.

They will be honored at a reception at the Trinity Presbyterian Church immediately after the ceremony.

Friday, May 27... That is a red letter day for the Villa Guild of Rosemary Cottage. The clever hand printed barefoot invitations have been mailed to an Alfresco Buffet between the hours of 11 a.m. till 2 p.m. at 1980 Sierra Madre Villa Ave., and through the gardens to select from an irresistible potpourri of gifts

The popularity of motorcycles increased in 1965 by nearly 30 per cent over the previous year.

Bethany Church News

The bi-monthly emphasis on the youth of Bethany Church of Sierra Madre will take place in a special service held in the church sanctuary, located at 93 N. Baldwin on May 8 at 7 p.m. Dr. Robert N. Schaper, pastor of the church will preach a special youth centered message at that hour. Others participating in the service will be the high school-college Chapel Choir led by Bruce Gaston. High School youth will especially be featured as Becky Turner, president of the group is recruiting several young people to participate. Following the evening service a reception in honor of the ladies of the church will be held in the new building.

which has just recently been completed. The mothers in the congregation will be given a lovely corsage provided for by the high school class.

Dr. Schaper will preach on the theme, "Where Is Home" at both the 8:30 and 11 a.m. services. This is a continuation of the current series on the Book of Daniel from the Old Testament.

Almost 100 people from the congregation at Bethany Church will spend Friday night, Saturday and most of Sunday at a retreat for families at Mt. Crags Camp near Malibu on the weekend of May 13-15. Committee members, Mr. and Mrs. Jim War, Mr. and Mrs. Byron Snelling, Mr. and Mrs. John Kershaw, Mr. and Mrs. Otto Martin and chairman Mr. Al Elby are recruiting campers and providing for recreation and other features during the two days. The Rev. Lester Soerheide of the Latin American Mission will be the special speaker for the four discussion seminars.

The congregation at Bethany Church extend to every visitor a cordial welcome.

Miss Dolores Thill, 59 E. Grand View, who is known to many here in Sierra Madre because of her work as an employee of City Hall, entered St. Luke Hospital last Thursday, April 28, for surgery. She would appreciate hearing from friends.

Anti-Poverty Is Subject of United Church Women

Five panel speakers, Mrs. Elaine Motta, Miss Connie Harvey, Mrs. J. Donald Hales, Mrs. Eric C. Peypis, and Mrs. Joseph E. Yelder, will discuss phases of work in the anti-poverty program at the Fellowship Day program, sponsored by United Church Women of Pasadena, as part of a nationwide observance of May Fellowship Day. The event will be at the All Saints Episcopal Church, 132 N. Euclid Ave., Pasadena, on May 6.

The theme, according to Mrs. Mark S. Roy, chairman of the Social Action Department of United Church Women, is "Church Women in Action in Community Life." This is also the subject of the main address to be given by Mrs. George Thomas, specialist in volunteer service of women. Mrs. Hobart Barnes is chairman of the Day and Mrs. C. A. Trowbridge is president of United Church Women.

Registration starts at 9:30 a.m. and is followed by worship service at 10 o'clock.

Parking is available on a lot north of the church. Child care will also be provided, but mothers are to make reservations for child care with their church representatives and are to send a sack lunch for the child. Luncheon will be served at noon. Tickets may be picked up at the registration desk, but reservations are to be made with each one's church representative.

Dr. Barnhart Announces Sunday Topics

"The Eternal Mother" is the lesson-sermon of Dr. Ethel Barnhart at the Santa Anita Church, 226 W. Colorado Boulevard, Arcadia, Sunday morning, May 8, at the 11 a.m. worship service. The public is invited to this service honoring all mothers. Infant and child care is provided.

Graded classes for youth from kindergarten through high school are provided at 11 o'clock. Youth of these ages come into the sanctuary at the beginning of the worship service and worship with their parents for 15 minutes. They then go to their respective classes.

Friday, May 13, between 7 and 8 p.m. the public is invited to observe the Mae Carden Method of Learning and Comprehension in action. The children from first through seventh grade of the Santa Anita Church Day School will present the program.

Dr. Harry Douglas Smith, minister of the Church of Life in Hollywood, will be guest speaker Thursday evening, May 12 at 8 p.m. His subject is "Metaphysical Interpretation of the Bible." A free-will offering will be received.

Saturday morning, May 14 from 7:30 a.m. to noon the Men's Forum will have their Annual Spring Breakfast. Tickets are available in the administration office of the church.

Dr. Barnhart says: "Spiritual help is available to you day or night through our dial-for-prayer, 447-6162."

With Mother's Day so soon upon us our thought naturally focus on our mothers and the influence they had in our lives. I have always felt if I could emulate my own mother as I raise my family to accept their place in the adult world I would be a success.

My mother raised her three children with a great deal of love and intelligence. She was delighted by the fact that we were all individuals in our own right and determined that our individuality would not be smothered. By that I do not mean that we were allowed unlimited freedom to try our wings, because she knew that in a tender age we could not wisely judge with out support and restrictions, but she encouraged us to give vent to our ideas so that we might one day be an asset in the world in which we live.

She taught us by example that it was more blessed to give than to receive. To this day my mother manages daily to be thoughtful to those around her by some small word or deed. She never left us any doubt that

she was behind us 100 per cent, she forgave us our mistakes, but she did not make excuses for them. She allowed us to grow up and be whole self supporting people, and when her job was done and she could go as far as she could go in guiding our destiny, she cut the cord and let us go.

She had given us a lavish lesson in love, morality, religion, kindness and self reliance. She had tried to instill in us the knowledge that we do not live for ourselves alone, and it was a cardinal sin to be selfish.

She taught us that it was not wrong to have anger, but it was a sin to sulk and enjoy it. She gave us a liberal lesson in culture and countered it with humility. We laughed a lot in our home but if we laughed at someone it was ourselves.

My mother always felt that the way to accomplish something was to do it. It didn't make a great deal of difference to her whether she had instructions along the way and less difference whether it was possible or not.

Please turn to Page 5

Rescue

per Winter Creek trail to the Santa Anita Ridge.

It was a warm night, and the hurrying of the men made the climbing extremely difficult. It was a good night for those "cute" little rattlesnakes to be out in full force. Concern for the little three year old set the men to a faster pace than usual.

At about 5 a.m. the little hiking group was found walking down the Chantry Flats Road. They were tired and thirsty but otherwise unharmed. But it took till 6:30 a.m. to get all of the Rescue men from the area. The little hiking group had evidently left the trail, crossed the stream and made their way cross-country to the Chantry Flats Road.

This was the third call within seven days for the team.

Sierra Madrean

"Parents On Trial" Sermon Theme For Rev. Hesse

"Parents On Trial" will be the sermon theme of the Rev. Armin Hesse in the 10:30 Sunday morning Mother's Day service at Faith Lutheran Church, 845 Hastings Ranch Drive.

A special offering will be gathered to support the work of the Lutheran Armed Services Commission, which endeavors to serve the church's young people in the armed forces through prayer books, mailings, Lutheran service centers, chaplains, and contact pastors. Faith's members in the armed forces — William Wodrich, Stephen Strampe, John Balog, and Larry Duesing — will be remembered in special prayer, together with petitions for all others and for our nation's leaders, according to the pastor.

The fellowship coffee hour, sponsored by the Mr. and Mrs. Club, will be held in the patio area immediately after the service.

Beginning next Sunday morning, baby-sitting service will also be provided during the Sunday school age children in the annex building. This convenience is intended to allow more parents to attend the Sunday Morning Bible Hour conducted in the church sanctuary at 9:15.

During the Midweek Bible Hour on Wednesday evening at 7:30, the presentation and discussion of "Major Non-Christian Religions" will center on "Shintoism."

Next Thursday at 11:30 a.m., the ladies of the Lutheran Women's Missionary League will serve a pot-luck salad luncheon in honor of all mothers. The ladies are also arranging a Father-Son banquet on Friday night, May 20.

Mother's Day Sermon Topic

On Sunday, May 8, the Congregational Church will celebrate the "Festival of the Home" (Mothers' Day), with Rev. Shelby Light presiding at the morning service at 10 o'clock. His sermon topic will be "Helps From Jesus' Home," developing the theme of home influences. The combined Junior and Hi Fi Choirs will sing "We Praise Thy Name," by Tuges, directed by Mrs. Edward Murphy, and there will be an offertory anthem, "The King of Love My Shepherd Is" (an arrangement of the Twenty-third Psalm), sung by the Chancel Choir and directed by Rev. Earl M. Beilstein. A most cordial invitation is extended to all to come and worship on Sunday morning, and to attend and participate in the other activities of the church.

Christian Science Sermon Topic

Spiritual versus materialistic views of man's nature will be explored at Christian Science church services this Sunday in a Bible Lesson on "Adam and Fallen Man."

In addition to passages from the opening chapters of Genesis, Bible readings will present the account of Jesus raising Lazarus from the grave, and these lines from Ephesians and Isaiah: "Awake thou that sleepest, and arise from the dead, and Christ shall give thee light... Shake thyself from the dust."

Interpretive statements to be read from the Christian Science textbook will include these: "This awakening is the forever coming of Christ, the advanced appearing of Truth, which casts out error and heals the sick... When we wake to the truth of being, all disease, pain, weakness, weariness, sorrow, sin, death, will be unknown, and the mortal dream will forever cease" ("Science and Health with Key to the Scriptures" by Mary Baker Eddy).

Realeteria

and selling of properties throughout Arcadia, as well as in Pasadena, Monrovia and other adjacent cities.

In addition to John Curtis and his wife, Janet, they have one associate, Betty Dorman. "But in a broader sense, we have the hundreds of Sierra Madre, Arcadia and Pasadena brokers at work for us — either in the listing of properties in multiple which we have the opportunity to sell, or working for us in helping to sell the properties we list on the multiple."

You are cordially invited to visit this new home on Saturday, May 7, between 1 to 4 p.m.

PLEASE! Do not give Eaton's Restaurant an award!

(we don't want to spoil
our perfect record)

It's nearly time for us not to be awarded something again! And we hope nobody slips up and says our Fried Chicken has just won a prize. Some restaurants become hysterical if they're not on the "best this or that" list. We couldn't be happier the way things are... so long as our customers keep giving us their own special awards everyday. It's called money... and it fits into our cash drawer so much better than a trophy or a plaque.

1150 Colorado Blvd., Arcadia, Calif. • MU 1-6033

Now Called Campers Haven

New Owners Take Over Sporting Goods Store

Who better to man a sporting goods store than a man who is a gunsmith by profession and whose hobbies are hunting and fishing? Such a man is Ed Bay, manager of the Campers Haven of Monrovia, which was formerly known as the Monrovia Sporting Goods until it was recently purchased by Nelson and Mary Taylor who for ten years have been owners and operators of the Campers Haven at 2402 E. Huntington Drive. The Taylors tripled their business in Duarte during the decade of its operation, and ascribe their success to fair and honest dealing.

But Ed Bay, looking over the extensive stock of Coleman items for campers, for which the Taylors are local distributors and official repair station, would probably be more likely to credit the Taylor success to the unusually complete lines of athletic and camp equipment carried at the "Haven." Fenwick, Mitchel and

Garcia are among their lines for local Izaak Walton, and they also carry the latest in shooting and reloading supplies.

And Ed Bay should be a good judge, for after working four years for a store on Lake Ave., he put in some nine years of travel to many stores as a salesman for sporting equipment. Mr. Bay lives with his wife and her parents, Mr. and Mrs. John Baptista, at 1701 S. First Ave. His three children are grown, all were proficient in fishing and shooting, as is his wife, who accompanies her husband on trips to Bridgeport Reservoir, Twin Lakes and Robinson Creek, among other spots. They have their own skeet trap at home, and often go with a group of friends into mountains and desert for a shooting spree and picnic.

Mr. Bay is assisted at the store by Ralph Ripple, who heads the very complete canvas department, which will do awnings, boat covers, canopies or even reupholster boat cushions.

Sound like a good man for advice on where to find and how to catch the quarry?

Republicans To Have Speaker

Charles Soderstrom, chairman Republican Central Committee of Los Angeles County, will be the guest of honor and speaker at the Thursday, May 12 meeting of the East Pasadena-Sierra Madre Republican Women's Club, Federated. Mrs. Soderstrom's topic will be "Los Angeles County 1966 — Plans For Victory." The meeting will be held at the Eldorado Inn, 2927 New York Drive at 10 a.m.

W. Earl Smart, attorney, a Republican candidate for Lieutenant Governor will be another important guest at the meeting.

A buffet luncheon will be served at noon. For reservations call Mrs. John Garo, 792-2592 or Mrs. Richard Holman, 355-2368. Mrs. R. R. Dewees, president, invites all concerned women to attend and learn how they may help Republican candidates in 1966.

Twenty-five per cent of all roads and streets in the United States are unsurfaced.

Parks and Recreation Air Plans

Further developments in this park would, at present rates, cost approximately \$25,000 minimum to bring up to the city code, whereas the Commission seeks to build new and proved combination facility at an approximate cost of \$42,000 and has made such a request to the City Council, where it has been tabled and referred to the Capital Improvement Committee.

Present at this meeting were Commissioners Bennett, Crook, Foster, Borham, Simons, Simpson and Stine, with newly elected Councilman Ed Wagner sitting in at the session. Further notes on budget are as follows:

Pool and Recreation. Most public pools run by civic authorities operate at a loss and are considered merely a community service. The pool in Sierra Vista Park is not a losing proposition; this year it may just about break even, due to the expense of some \$900 for a pump shaft replacement, but it is expected to bring in a substantial profit next year, though this revenue will go into general city funds, not park funds.

Classes at the instructional pool, which last year greatly exceeded attendance expectations, will be continued again, as will the pre-school classes, "Mommy and Me." Concrete bleachers approved by the Commission for erection at this time as part of the park's master plan, will not only add to the enjoyment and comfort of pool spectators but provide a vitally needed retaining wall at one side of the pool. Tennis facilities merely pay their way, and basketball facilities are all cost to the recreation budget, but this year the Commission's budget will be relieved of two expenses, the salaries for the Toy Loan Toyarian, and fees for Little League umpires. Two much needed drinking fountains for Sierra Vista Park, at an approximate cost of \$50 each, were approved, and because of repeated clogging of water facilities in rest rooms, it was decided to purchase a suitable "rotorooter" of a more adequate type not locally available on lease.

Repeat explanation on fencing for Bailey Canyon may be in order. L. A. County has agreed to use of the lower canyon for picnic grounds on three conditions: that a five-foot fence be placed below the dam, joining roadway fence and that beside the wash; that an extra foot plus three strands of barbed wire be added to the existing four-foot fence along the wash to insure that children do not fall in; and that gates be placed at entrance to park so that it may be locked at night. In return, the County has agreed to move its west fence over to the roadway, which is already fenced on its extreme western side.

Water. Estimates of water needed include watering not only of Memorial and Sierra Vista Parks and Keating Court, but also, when they are completed, the Mira Monte playground and the Santa Anita parkway, as well as the ball park, and, eventually, Bailey Canyon. Watering of street plantings comes from city general administration, not park funds, since this water is obtained from nearby fire hydrants. Because water needs are contingent upon weather and rainfall, it is difficult to arrive at an accurate estimate of this cost. The heavy rainfall of over 24 inches last winter should balance this year's extra use for additional facilities.

Equipment. The water truck needed is not only a park necessity, but will serve as an emergency extra source of water for the fire department. The power truck with bucket will serve two purposes: it will facilitate the trimming of tops of trees and light limbs with flexibility of movement to speed operations, and, being operator-guided, with greater safety for the man in the bucket, it will also be of use to lift large limbs out for disposal. The latter advantage will serve a further usefulness in case of storm damage. The two chain saws acquired during the past two years were for stumps and heavy limbs. The plan to share one-third of cost of a radio unit at City Hall, plus a unit in each park truck, would both save time in locating men at park work for routine directions, and would permit improved speed and economy in handling emergency situations such as last winter's wind storms.

Personnel. A long deferred request for a secretary to record minutes at the Park and Recreation Commission meetings was approved by the Commission, as have recommendations for routine salary increases for existing employees. Additional personnel will be requested to maintain the increasingly heavy demands of park upkeep, with the understanding that schedules will be crisscrossed up to maintain the city's appearance in a consistent "well-groomed" degree.

Salary breakdown will be further studied by the Commission, before budget is presented to City Council. Little League Baseball may use ice-crusher at Diamond Diner for sum of \$1 per season and agreement to be responsible if repairs are required.

The activities committee was asked to study the figures of attendance last year and to make recommendations as to whether heavy multiple use of family season tickets should justify a raise in price for season tickets or if such tickets should be changed to an individual basis. It was agreed after discussion that there should be no discrimination in fee against residents from other areas since Sierra Madreans use facilities in neighboring cities on a reciprocal basis.

On Sunday, May 1, the members of the Commission visited Bailey Canyon to consider the plans for trails as presented by Girl Scout Leader Mrs. Marsh. It is the Commission's intent to make sure that all organizations interested will have the opportunity to present similar plans for the development of Bailey Canyon.

Favorable comment on the new brochure and guide to park and recreation facilities and special events has kept the phones at City Hall ringing ever since its publication last month.

Re tree removal or severe trimming required, procedure will be to notify owner and possible tenant of property on which tree stands well in advance of proposed work so that application to refuse may be made by letter to the Commission, in which case the owner will be invited to appear before the Commission for a hearing before final decision is made.

1958 Humanist of Year

Dr. Oscar Riddle Visits Sierra Madre Relatives

Dr. Oscar Riddle, internationally known scientist, was a visitor a week ago with his wife at the home of his niece, Mrs. Lucille McClelland, 1261 Davenport Drive. The Riddles were on their way from their home in Plant City, Florida, to the meeting in Pacific Grove of the American Humanist Society. Dr. Riddle was chosen Humanist of the Year in 1958.

During the period when Dr. Riddle was director of the Carnegie Institute's Station for Experimental Evolution at Cold Spring Harbor, he was the subject of a Time cover story because of his research work on the pituitary gland, following an earlier work by Herbert McLean Evans of the University of California. His greatest contribution to biology is considered to be his recognition and analysis of the major pituitary hormone prolactin, the substance which "makes mothers motherly." He was once selected by President Roosevelt to represent the United States at a world conference of scientists at Uruguay.

Long a member of the exclusive American Philosophical Society, founded by Benjamin Franklin, to which membership is open only on invitation, Dr. Riddle recently has been honored by a request to give the Society any papers and correspondence unpublished at the time of his death so that they may be preserved and published for the benefit of humanity.

Dr. Riddle, 88 and now retired, continues to write, not only on his famed researches but on their implications for the evolution of mankind. He also has done considerable writing as the result of his intensive study of the Constitution of the United States. Perhaps his interest in American concepts of freedom was influ-

Final Film For Library Friends

"Safari Ya Tembo" (Journey for Elephant), the final film in the current Friends of the Library museum film series, will be shown on May 9, at 8 p.m., in Sierra Mesa cafeteria.

The film depicts a safari taken by Mrs. Paquita Machris in 1963 in Kenya. Mrs. Machris collects wild game specimens for museums. One of her largest specimens is a female elephant weighing about four tons which is part of the African Elephant Habitat group now on display at the County Museum of Natural History.

The museum film series will be resumed in October. The public is invited to attend.

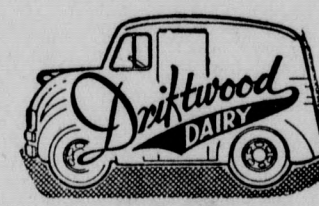

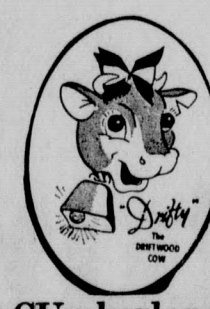

Check your tires often for proper inflation pressure.

Dean's Honor List From CSC

Cal State Los Angeles today released the names of honor students who have qualified for inclusion on the Dean's List.

A student on the Dean's List must be an undergraduate and attain at least a 3.4 grade point average (4.0 is perfect) in 12 or more units of course work, and place in the upper 5% of students in academic achievement of his school or division.

Dean's List students from Sierra Madre include: William Cates, Heather Davis, Robert Nash, Walter Sheasby Jr., Eric Workman, Dennis Alvey, Winston Swift and Andrea Vanwickel.

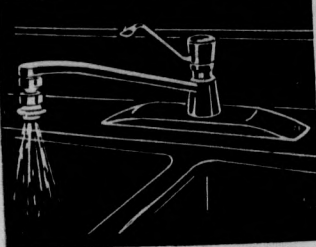

The Civic Club's rummage sale for the new Toy Loan cottage was a bustling exchange of friendly greetings as well as clothing and household items and netted the not-to-be-sneezed-at sum of \$250, so all considered the work involved worth while. Special thanks are given by the Civic Club to city merchants for their help with racks and pipes for display, as well as to the Sierra Madre Hotel where the sale took place.

Poorly functioning car lights are a danger both to the driver and to other traffic and pedestrians.

You and Your Neighbor

by Mary-Madeleine Lanthier

Chalk up a district championship for the Gold Star Quartet of the Barbershop Singers, won last weekend at Santa Monica. This will entitle the group to compete at Chicago in the international championship contest in July. Frances Eackman, 242 Grove, reports that the Barbershop Singers, to which the quartet belongs, will be giving a program of songs Friday evening at Monrovia High School for the benefit of the Youth Activities of the Rotary Club there.

Those who did not manage to make the Sierra Madre Garden Club exhibit and sale held at the Congregational Church missed a good show, it is reported. All displays were from local residents, and over 200 people came to view and buy, since there was a plant sale and a white elephant sale. There was also a hobby display and included in this were handmade jewelry, paintings, a big stamp collection, some of Mrs. Carl Gerke's charming puppets. To encourage amateurs to enter future shows, this one again did not have formal judging or prizes but merely awarded ribbons. Many varieties of garden flowers were included and an outstanding display of orchids. Mrs. Emily Embree had a big display; Mrs. C. L. Young had an unusual theme, arranging a "Calendar of Flowers" and Mr. Young presented a child's garden. Walter Fader and Bill Lockwood, in spite of all their behind the scenes work, each managed to exhibit unusual displays of succulents. Big hit of the show was the offering of Carl Brand, a "pop art" piece titled "Vacation." Instead of his usual superb specimens, this displayed plants all gone to seed, torn cap, worn gloves, and the kind of deterioration from neglect which could haunt the dreams of a serious gardener on vacation. A highly successful show!

Former First-Mayor Jones has had the pleasure of a several week visit from his sister, Mrs. Harold M. Scott of Scardale, N.Y., a particularly poignant reunion since these two are the last of what was a family of six brothers and sisters. Last summer Mr. Jones had visited his sister in N.Y., seeking by a change of scene to readjust to the loss of his beloved wife. While in the East he met a friend of his sister who, though a mere 85 (Mayor Jones, as most of us know, is now 97) had decided wistfully that he was then too old to take the trip around the world which had been a life-long dream. So, who should turn up out here while Mrs. Scott was visiting but the same friend, stopping off to take in Disneyland and call Mr. Jones as he was on the last lap of a 100 day trip around the world! Over dinner on his ship, the SS Corona, he allowed as how the example of our Mr. Jones and his voyage cross country had inspired him with renewed zest and he promptly set about his own gallivanting, has thrived on it, too. Incidentally Greg Proctor, Mr. Jones' first great-grandchild, born last winter, is also thriving.

Sierra Madre certainly had a real busy and successful weekend of special events. Dedication of the Kiwanis-gifted barbecue went off beautifully, with well over two hundred in attendance, and some bringing supplies to give the barbecue its first use when ceremonies were over. High point was when a volunteer was requested to cook the first frankfurter for official presentation, and after the usual shy no-show of hands, a pert pigtailed miss of some two years was brave enough to step up; she was to tiny she had to hold the frankfurter and fork with both hands, while the crowd held its breath. Some of the crowd had come on from the Pinewood Derby, the annual event held by Cub Scout Pack No. 381, which drew an audience of some 100. This event is a contest of model cars for beauty and for speed (around a track of 25 feet), and the cars are made, carved and painted by hand, with some father assist. Chairman of father committee this year was Bill Lambdin, 323 W. Highland. Winners were: for speed, first, David Calucci; second, Jeff Lower; third, Craig Stumpf, for beauty, first, Craig Stumpf; second, Walter Popp; third, Danny Wilson.

Two Specials
The sponsors for the Creative Arts Group are planning two special features at the annual open house at the Adobe at 37 E. Montecito in Sierra Madre on Friday, May 6, from 7:30 to 9:30 and Saturday, May 7 from 10 to 4. The Monrovia Recorder Concert under the direction of Hans Bender will give a short concert in two parts during the evening on Friday, and an impromptu Maypole for children of Sponsors will entertain guests on Saturday afternoon. Student's art work from both fall and spring sessions will be displayed, including drawing, oil painting, pottery, clay sculpture, creative stitching, copper enameling, and tissue paper collage and flower making.

Letters to the Editor

Dear Editor:

The proposed Boeing 747 monster plane is hailed as a New Era in long distance air travel. In capacity it is a flying theatre, barn or warehouse. It certainly has grown from the canvas, plywood and wire crate of fifty years ago!

In these fifty years the plane was carefully nursed by an alphabet soup of government airline coddling agencies. It still thrives on a diet of passenger trains, fed to it as fast as they can be taxed and regulated into vulture feed.

Some of us entertain a nostalgic fondness for tiny French railway box cars designed for forty men or eight horses. We may derive a measure of comfort from the fact that the 747 is merely a bloated, modern, airborne box car for 400 men or 80 horses!

—K. FRITZ
SCHUMACHER
Former railroad

Dear Editor:

Sierra Madre friends and neighbors of Evelyn and Bob Leonard will be glad to know that Bob's 26 years of dreaming about owning a boat landing at Big Bear Lake came true April 1. The couple acquired the North Shore Boat Landing.

Bob, a resident of Sierra Madre from the age of 10 months until 1960, when he moved the Leonards and their machine shop to Big Bear, spent seven summers working on a boat landing at Big Bear during the "30's," deciding once and for all that someday he would make a living of it. Leonard's North Shore Landing is a family operated business, Evelyn taking over retail sales and paper work with the help of daughters Sharon, Peggy, Diana, and Dixie when she is home, and also Bob's mother, Mrs. Zayda Fish Leonard, who will be remembered by many as former school teacher in Sierra Madre for 32 years.

Dorn Hits At Misleading Ballots

Supervisor Warren Dorn recently criticized the designation of a Communist on the June 7 primary ballot as "misleading to the voters of Los Angeles County."

He said that Dorothy Healey, candidate for assessor, carries the title "Organizer" under her name while in actuality she is a "Communist Party Organizer."

Dorn said the word "organizer" could be construed as "an organizer for the PTA, YWCA, Girl Scouts or any other fine organization."

"Ballots today are much too long and confusing — they should be cleared up in order to protect the public's right to know."

Dorn, whose motion instructing all county department chiefs to uphold the election code was unanimously adopted by the board, cited Section 10301, Part C, which states:

"No candidate shall assume a designation which will mislead the public."

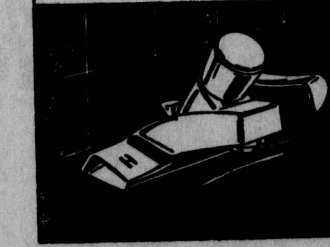

Dorn said the Registrar of Voters should "let the people know the candidate's true occupation."

Senior Asst. County Counsel John Maharg termed Mrs. Healey's designation as "non-descriptive."

Seems it's a good idea, according to the experts, to take a few classes if you long to do square dancing, so that your response will be reflex when the various figures are called. Good news then that there's to be a class at the San Gabriel Adult Recreation Center Tuesday nights, beginning May 3, open to register for 3 weeks. Donation is 75 cents each; floors are hard wood; caller and instructor is Ray McMillan; call 284-7771 for further information, and thanks to dance enthusiast Marguerite Lorch for the info.

Berkeley Campus Life

Cal Alumni Club To Help Give Information On U of C

Information about academic and campus life at the University of California at Berkeley will be presented for tenth and eleventh grade students and their parents by the Cal Alumni Club of San Gabriel Valley, on Saturday, May 14, at 8 p.m., in Harbeson Hall, Pasadena City College.

Norman M. Better, associate director of the Office of Relations with Schools, University of California, will discuss the academic aspects of the university for students who are considering attending the Berkeley campus. Jerry Goldstein, Associated Student Body president; Nancy Tyson, student body president, and Michael McGinnis, senior class president, will be present to describe college life and student activities.

The program is a new orientation project of the alumni club, planned in cooperation with its parent or Alumni Association, to bring more information about the Berkeley campus to Southland students. Because of the new October 1 deadline for applications for admissions, the program is being planned for the younger high school students, although high school seniors may attend.

As a further service to future Berkeley students, the club is appointing alumni representatives for each high school district in the club area, who will be qualified to answer non-academic questions about the university.

Mr. and Mrs. George Briggs and Mrs. Claude H. Brown Jr. will be representatives for the Pasadena

High School area. Further information about the program may be obtained from Edward O. Donald, president, 355-2953; Mrs. Brown, student activities chairman, 355-9693, or Mrs. Colleen Nutt, director of the Southern California Association, 625-8856.

Dennis Duke Laid To Rest

Dennis Ray Duke was laid to rest on Friday, April 29, at the hour of 3 p.m., with Rev. W. H. Mees of the Trinity Lutheran Church of San Gabriel officiating.

Dennis died instantly in an accident in which he fell from a 10-story building under construction at 640 S. Grand Avenue in Los Angeles on April 26. He was employed as a carpenter with the Del Webb Construction Company.

Coming to California from Texas 11 years ago he moved to 262 Santa Anita Court, and lived in the city about 1 1/2 years.

He leaves to mourn his passing his wife Gabriela, and daughter, Monika Lynn of the home address. His parents, Mr. and Mrs. George Duke of Riverside and four brothers: Darrell L., of Pasadena; Stanley W., from Tucson, Arizona; C. Dale of iVet Nam, and N. Scott of Riverside. Also three sisters, Helen Carol Duke, Beverley Sue Duke and Julia Catherine Duke all of Riverside.

Interment was at Live Oak Cemetery in Monrovia with Ripple Mortuary of Sierra Madre in charge of arrangements.

Robert Ingram Directs Film

Michele Brown as the mother, and Marnia Kennon as the "beautiful" witch. The narrator is Regina Riley; the voices for the characters are recorded by George Clark, Chris Douglas, Chris Campbell, and Maggie Keith. The general staff includes Karen Freinkel, speaking coordinator; Sharol Rhodes, committee coordinator; and Sandy Shipman, student director.

The filming of "Hansel and Gretel" took place in Eaton Canyon, Descanso Gardens, and the homes of Sandy Shipman and Marnia Kennon. The financing for all projects have been from

the profits of the Workshop's Cinemusical series of "Oklahoma!" and "Gigi" shown last semester.

Both of these projects plus a performance of "Sand-box" and CPW's first project "America to Americans," which was coordinated by Jim Schaefer and Dennis Pratt, will be presented on May 25 from 7 to 9 p.m. in the Edwards Auditorium at Pasadena High School for the entire public. Admission is free for parents of students involved in the projects, but there will be a slight charge for others to defray projector rental costs.

Karl Abbee In Texas Training

Pvt. Karl F. Abbe, son of Mr. and Mrs. Charles E. Abbe, 515 Manzanita Ave., Sierra Madre, Calif., is attending a Nike-Hercules electronic maintenance course at the Army Air Defense School, Fort Bliss, Tex. During this 32-week course, scheduled to end October 7, Abbe is being trained in the installation, operation and maintenance of electronic devices used in the Nike-Hercules missile.

The 20-year-old soldier is a 1963 graduate of Pasadena High School and attended Pasadena City College.

WE ARE NOW CELEBRATING OUR 56TH YEAR IN SIERRA MADRE

Our "Pharmaceutical" Clock

The hands of the clock are a stylized Caduceus (hour) and Staff of Aesculapeas (minute), both derived from the ancient Tree of Life which signified immortality, and eventually became associated with the healing arts. The mortar and pestle (second hand) are some of the earliest known tools of primitive man which were used for grinding medicinal substances. They have been intimately associated with pharmacy for so long that they have become the symbol of its profession. As the little mortar and pestle rotate, they remain level and balanced alluding to the art of weighing prescription materials.

The hour "numerals" are ceramic models of ancient alchemistic symbols used by apothecaries in olden times. Starting at 1, they are:

MERCURY (Red), BARIUM (Black), COPPER (Copper), TIN (Orange), LEAD (Grey), Silver (Silver), ZINC (Brown), SULFUR (Yellow), IRON (Green), CALCIUM (White), BISMUTH (Blue), and at 12 GOLD (Gold).

The colors of the symbols represent either the color of the element itself or some compound of that element. Our clock is also symbolic of the passing of our FIFTY-SIX YEARS in Sierra Madre and the advancing challenge the future holds for us.

We have experienced many years of research and advancement . . .

Your doctors and Hartmans are a team . . . Supplying you with the best in Prescription Drugs . . . Call upon us when in need . . .

A MILLION THANKS . . .

To our many friends and customers who have made these years a pleasure to serve you.

Since my father opened the store 56 years ago down to the present day . . . Hartmans have pledged . . . Service . . . Quality . . . and Reliability . . . This pledge we will continue to keep . . .

A sincere thanks,

Rudy Hartman

As Ives Sees It

ERED the Grand Entry sounds like it would be worth the price of admission. Special features that will be interspersed between the rodeo events, also offer highlights for the entire family.

LONGDEN will head a group of jockeys, Mario and Milo Valenzuela, Ray York and Dean Hall in a burro race against disc jockeys Dave Hull, the Hullabalooer from KRLA, Gordon Calcote, KIEV, Joe Nixon, KGBS, Dick Haines at the reins, KFOX, and Geoff Edwards, KFI.

FOR THE RODEO FANS, Harley May, national steer wrestling champ in 1965 and Jesse Rodriguez, champion calf roper, are among a star-studded group of cowboys who will be shooting for the prize money. Pretty Sammy Thurman, girl's barrel race champ, Shawn Davis, king of the bronc riders will also be there.

A QUIRK OF FATE puts Larry Mahan, national bull riding champ on the cowboy tripler, Hurricane Hank. That should be some test between man and beast.

ALL IN ALL it looks like a fine afternoon of entertainment.

AFTER THE FIRST WEEK OF PLAY, only two Little League teams remain in the unbeaten category. Sierra Engineering Astros paces the minor league standings and Hartman & Gem Plumbing Yankees holds a 2-0 record in the majors.

MINOR LEAGUE STANDINGS . . . Bagnall Angels and VFW Mounties follow the Astros with a 1-0-1 mark; Royal Drugs Colts, Tornamatic Padres and First Western Stars are deadlocked at 1-1; both the Clardon Orioles and Ralph's Shoes Seals are 0-2.

MAJOR LEAGUE STANDINGS . . . Yankees leading 2-0; Al Foxton Dodgers 1-1 along with the Fire Dept. Cubs, Civic Lions Club Indians and Toy & Patio Red Sox; Roess & Arnold's Braves trail at 0-2.

SCORES FOR THE FIRST WEEK OF PLAY . . . Cubs 8, Braves 5; Dodgers 5, Indians 1; Yankees 14, Red Sox 2; Indians 15, Cubs 1; Yankees 11, Braves 6; Red Sox 6, Dodgers 3.

MINORS . . . Angels 10, Mounties 10; Padres 23, Orioles 14; Colts 20, Seals 7; Astros 25, Stars 4; Mounties 16, Padres 15; Angels 17, Colts 16; Astros 14, Orioles 10; Stars 21, Seals 17.

MINOR LEAGUE plays every week day at Sierra Madre School starting at 5:30 and Saturday at Heasley Field getting underway at 11:15. MAJORS plays at Heasley Field starting at 5:30 p.m. weekdays and 9 a.m. on Saturdays.

WITH THE HELP of interested mothers and fathers in the local baseball program, this reporter will attempt to keep you up to date on league standings and highlights.

Bob Kingsbury Given Honor

The top two per cent of Purdue University's undergraduate students were guests at an eighth annual honors banquet on Monday, May 2.

The guests included 263 students who earned straight-A (6.0-point) grade records during the fall semester or in the spring semester last year; 28 of them achieved the 6.0 index in both semesters. Included in the list from Sierra Madre was: Robert L. Kingsbury, of 632 Auburn, junior, mechanical engineering.

Robert Rios Wins Honors

Robert Rios won the audition to play in the Spring Music Festival to be given at the main branch of Pasadena Public Library, May 13, at 8 p.m. This program is sponsored by the Pasadena Branch of the California Music Teachers' Association for outstanding talent of advanced students. Mr. Rios will also play at a student tea to be given at the home of Mr. and Mrs. Crill, Eaton Drive, Pasadena, May 8. On May 7, he will play at Harbison Hall, Pasadena City College. Chopin is his favorite. His parents, Mr. and Mrs. Luis Rios live at 170 E. Alegria, Sierra Madre.

Hint to new gardeners: attend the flower shows in bloom all over the area. You'll not only be overwhelmed and inspired by the beauty and incredible color nuances and poetic names, and pick up some tips not found in books — but you might be lucky and win one of the many door prizes — like the rose bush I won at the Rose Show.

LEGAL NOTICE

SIERRA MADRE NEWS
CUP-570-66NOTICE OF
PROPOSED CONDITIONAL USE
PERMIT FOR SUBDIVISION
(APPEAL)

NOTICE IS HEREBY GIVEN that the City Council of the City of Sierra Madre will hold a public hearing on Tuesday, May 24, 1966, at 8:00 p.m. in the Council Chambers of the City Hall, located at 55 West Sierra Madre Boulevard, Sierra Madre, California, in regard to an appeal of a Planning Commission granted Conditional Use Permit for a tentative subdivision (No. 24128) within the C. U. F. zoned hillside area. The property to be considered is a portion of the SE 1/4 of the NW 1/4 of Section 17, T1N, R11W, S.B.B.M. being located between Lots 7 and 8, Tract 25745, on the east side of being the westerly boundary of Tract 26444. Said property contains approximately 3.2 gross acres.

In accordance with City Code Section 9410.4, the following information concerning this application is provided:

1. The density of 7 lots in 3.2 gross acres is slightly greater than the 2 lots per gross acre permitted by Section 9410.4-1.
2. The lot width at building line is less than the 75 feet required by Section 9410.4-4(a) on four lots.

All other proposals are in accordance with the CUP Hillside Ordinance.

Application and drawings are

LEGAL NOTICE

SIERRA MADRE NEWS
CUP-570-66

on file in the office of the Secretary of the Planning Commission.

The application for said Conditional Use Permit is based upon the grounds that there are special circumstances attached to said property which generally do not apply to other properties in the same district and vicinity; that the granting of a Conditional Use Permit as aforesaid will not result in a material damage or prejudice of other property nor be detrimental to the public welfare or injurious to persons in the vicinity thereof, in that the proposed Conditional Use Permit, if granted, would be subject to such conditions as the City Council may deem necessary to assure that the spirit and purpose of the Zoning Code will be observed, public welfare and safety secured and substantial justice done to all parties.

NOTICE INVITING BIDS
WEED ABATEMENT
The City Clerk of the City of Sierra Madre will receive sealed bids for certain weed control work, said work involving approximately 150 parcels, up to the hour of 10:00 a.m., Thursday, May 19, 1966, at which time they will be publicly opened and read in the Council Chambers of the City Hall, 55 West Sierra Madre Boulevard, Sierra Madre, California. The bids will be presented to the City Council at 8:00 p.m., May 24, 1966. Inspection of a representative number of items will be held Thursday, May 12, 1966, at 10:00 a.m. only. Prospective bidders should meet at the City of Sierra Madre, City Hall at that time.

Specifications and Bid Proposal are available at the office of the City Clerk where copies may be obtained.

The City of Sierra Madre reserves the right to reject any and/or all bids, to waive any informality in any bid and to hold all bids for a period of 30 days for purposes of examination and comparison.

A bid bond, Cashier's Check or Certified Check in the amount of \$100.00 shall accompany all bids. All bids shall be submitted on the Bid Proposal sheet furnished by the City.

The bidders are notified that the general prevailing wage for the area has been ascertained by the City Council to be that of the Southern California Mason Labor Agreement for the construction industry as furnished by the Los Angeles Building and Constructors Trades Council, and pursuant to the statutes of the State of California, not less than this wage shall be paid for labor on the above project.

Take your problems to CHURCH this week --

millions leave them there!

Our artist is not experimenting with his brush! There is a profound difference between these two days . . .

MOTHER'S Day — with the accent on Mother — is the second Sunday in May, when we honor Motherhood, and express our deep affection for Mother. Mother's DAY — with the accent on Day — is every day of the year. It is Mother's unending labor of love. It is Monday's wash and Tuesday's ironing, the meals to be cooked and the beds to be made, the bruises to be healed and the prayers to be heard.

And at the close of her DAY, Mother has prayers of her own—for her little ones, her husband and herself.

God is answering many of those prayers through the Church. With its effective program of religious education and worship the Church can supply the spiritual needs in Mother's DAY . . . and in your DAY also!

Promoting Unemployment

Twin evils of political expediency and inflation are imposing cruel paradoxes upon the people of this country. Never in history was there such a welter of "social" legislation designed to improve the lot of what the politicians like to call the common man, whoever he is. Hardly a day passes without press releases from Washington, advising the country, that another group of citizens is scheduled to receive subsidies, benefits or payments of one kind or another. All of this, on top of the war in Viet Nam, inevitably results in new "high cost of living" reports.

As inflation quickens, new areas of poverty are created for people living on fixed incomes, social security benefits, annuities and so forth. The search for palliatives to please voting blocs and pressure groups becomes more frantic. Among measures now in Congress, is the perennial question of increasing the Federal Minimum Wage and extending coverage under the Wage-Hour law. A survey of a group of department stores to determine the impact of the originally proposed increase of \$1.75 an hour, now reduced to \$1.60, produces some shocking conclusions. One hundred and twenty seven retail enterprises responded to the survey. The replies covered the operations of 339 retail units located in 38 of the 50 states and employing over 50,000 regular employees.

If the original proposal to increase the wage to \$1.75 an hour and extend coverage, under the Fair Labor Standards Act, had been accepted by Congress, the law would have had the following effect: 1. Price increases would have ranged from 5 to 10 per cent or more — greatly exceeding the President's wage guidelines. 2. Retail employment would be reduced. 3. Some stores would have been closed because of inability to meet the added labor costs or the costs of the red tape thrust upon them. 4. Many services consumers now get free would be discontinued. The \$1.60 figure will be little better.

Regardless of the action Congress takes on the minimum wage question, laws of this kind are not an answer to inflation. They simply create a mirage of well-being.

Watch Your Hide!

Taxes have been described as the price we pay for civilization. By the looks of things, we may be getting too civilized for our own good.

The editor of the Belton, Texas, Journal and Democrat, observes that: "More taxes seem to be coming. Something ought to give . . . and many of us hope the Great Society will be curtailed, while we are still alive to enjoy the society we already have. Some government economists look upon us taxpayers as sheep, figuring we can be sheared and sheared again. True, but you can skin a sheep only once."

If any of the voters are worrying about this, they might look in the mirror to find the cause of their concern. When we ask for federal handouts we get them for votes — but we pay for them in taxes, and then some. When we send a tax dollar to Washington, the "free lunch" we get back may only be worth fifty cents, with political overhead, carrying charges and inflation taken out. If we want to give our wool for civilization, but keep our ideas for ourselves, we can make our wishes known in the voting booth at every opportunity.

Pat's New Math

Having had trouble with the New Math, we probably shouldn't feel embarrassed at a puzzlement over Governor Brown's new fiscal logic as applied to his proposal for increased state income taxes.

The Governor wants to get \$143 million more out of us, and has asked the legislature to arrange, among other things, the elimination of the personal and dependency exemptions, and the substitution thereof of a flat tax credit of \$15 for a single person, \$30 for a married couple, and \$7 for each dependent.

So far so good, at least as far as understanding what it is Pat wants done. Now we come to his reasoning in defense of such a change; and this is where he loses us.

The Governor points out that a taxpayer in the lowest bracket pays a 1 per cent levy while one in the highest bracket pays 7 per cent. This he approves. But he doesn't seem to approve the graduated tax principle in relation to deductions. As we get it, he reasons that the same deduction for both extremes in the tax bracket gives the 7 per cent man seven times the rebate per dependent than the 1 per cent man gets, or \$42 to \$6. His proposed flat deduction of \$7 per dependent, therefore, would give the low income man, for whom the gubernatorial heart bleeds fiscally, a whole dollar more a year to support each child.

Maybe it's a great idea, but the logic escapes us. Any way, as the San Francisco Chronicle has suggested, wouldn't it be better to wipe away the crocodile tears and just say frankly we gotta have more dough? And for what?

Coincidental Compliment

California, and the San Francisco Bay Area in particular, was paid a pretty if rather oblique compliment the other day by Arthur M. Schlesinger, Jr. Mr. Schlesinger, noted historian and aide to President Kennedy, was in San Francisco to give a great big intellectual hand to Thomas Braden, candidate for Lieutenant Governor.

Explaining that he knows both of Mr. Braden's opponents in the Democratic primary, incumbent Glenn Anderson and former State Department aide Lloyd Hand, and didn't want to make "invidious comments about them," Mr. Schlesinger offered sheer coincidence as the reason for his San Francisco appearance and accolade.

"This notion that Robert Kennedy has some sort of master plan — sending his agents throughout the Nation to bring about some grand design — is just not so," he said. "I think the press makes too much of the idea of planned politics . . . Accident, coincidence and improvisation play a much bigger part than most people understand."

We have no more desire than does Mr. Schlesinger to make invidious comments, so we will accept as coincidence the fact that he stopped off in San Francisco between a Los Angeles business appointment and an imminent Kansas City date. We accept it as a compliment, sort of, to our state's scenic appeal that he wanted to make that time-consuming detour.

Sierra Madre News

Published every Thursday at 9 Kersting Court, Sierra Madre, California, Los Angeles County, Post Office Box 37, Telephone Elgin 5-3234 or 5-3235. The Sierra Madre News, Official Newspaper of the City of Sierra Madre is declared a Newspaper of General Circulation for the publication of legal notices, as defined by Section 4460 of the Political Code of the State of California, in the Superior Court of Los Angeles County August 19, 1958. Activation Decree Number, 604,764. A First Class Newspaper entered as Second Class Matter at Sierra Madre Post Office October 2, 1908, under Act of Congress of March 3rd, 1879.

Editors and Publishers

NOTE—The opinions expressed in credited columns of the Sierra Madre News are those of the writers and do not necessarily represent those of the News. Letters addressed to the editor of the News are welcome, however, they must be signed with correct name of the writer. The writer's name will be withheld if requested. Individuals may feel free to express their ideas insofar as they remain within the bounds of propriety, however, letters attacking individuals or personalities will not be published.

FREEDOM AT ANY PRICE

by DR. HENRY V. WITTY

Management of this newspaper is not capable of answering questions to this column; however letters to the editor will be published and answers forthcoming from the writer. Articles are of the writer's opinion and do not necessarily reflect the policy of this newspaper. "Land of the Free"—what a reassuring title for a children's textbook. This writer recently spent three full days digesting the pages contained within the covers of "Land of the Free." This book is not pornography—it's worse! It is a piece of historic chicanery which, if adopted at the next regular session of the State Curriculum Commission on May 14, will make 8th grade American history in California schools read like a propaganda handbook of the far left!

The consuming purpose of the book appears to be to develop within the child a feeling of self-incrimination or guilt because of injustices (repeated page after page throughout the entire book) inflicted upon the Indian, the immigrant, and particularly the Negro, by his forefathers. The entire book oozes with negativism. Positive responsibility, both individual and racial, should rather be the theme stressed to develop young minds into a state of capable understanding and subsequent leadership.

Well over 658 times (which are the number of pages in the book) reference is made to slave, slavery, Negro, cruelty, the short-comings of our "free enterprise" system and the benefits of socialism and its blood brother communism—all in the light of influencing the child into being happy with his background. Time and space make it possible to present only a few of the many graphic examples which illustrate the theme and purpose of "Land of the Free."

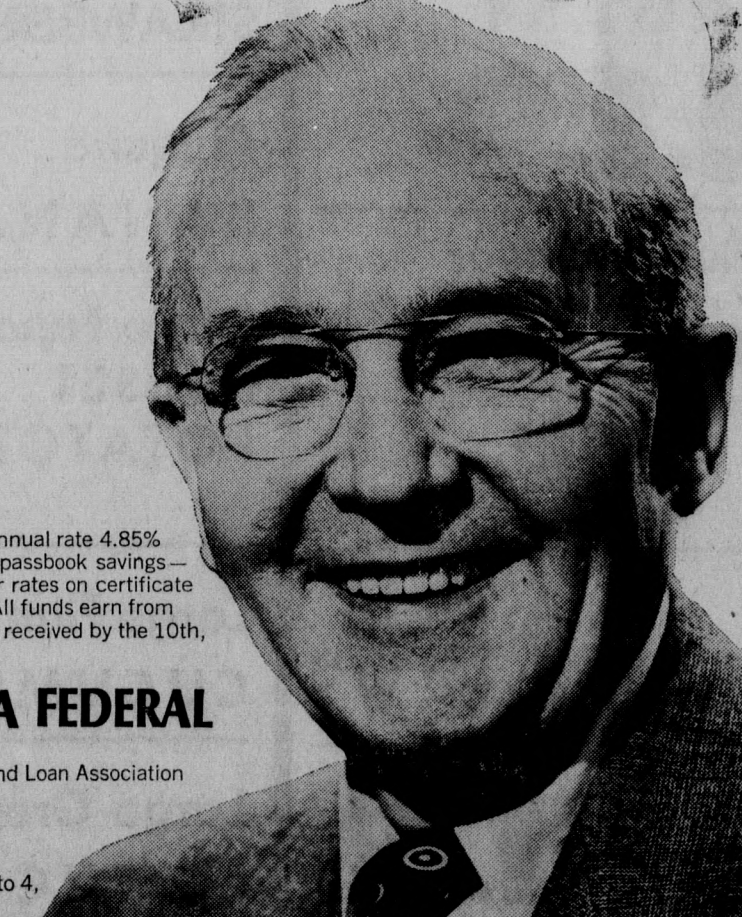

The Sacco-Vanzetti murder case is played up in such a manner that the 8th grade student might just as well be reading a communist account of the trial and subsequent executions. Sacco and Vanzetti were convicted of murder. They were the worst kind of radicals and, by their own admissions, spoke out for the violent overthrow of the United States government. Yet the 8th graders are told on page 539: "Although the evidence against them was not strong, Sacco and Vanzetti were found guilty and sentenced to death. One reason, unquestionably, was that the judge and jury were prejudiced against them on account of their being foreign-born radicals. . . . No one knows to this day whether Sacco and Vanzetti were really guilty." In other words, youngsters will be brainwashed into believing that Sacco and Vanzetti were poor victims of "free enterprise" bigotry when, in truth, they were dangerous criminals of the worst sort.

On page 263, the Unitarian church is praised in these words: "This church is noteworthy for its optimism and for its stress on all that would lead to human betterment." Of course the child reading these beautiful lines might not know that the First Unitarian Church of Los Angeles is bulging with left wingers and identified Communists.

However, Mr. and Mrs. E. J. Alfrey, 415 Auburn knew what they wanted for retirement, for they are returnees from Wisconsin, had lived here on Grand View some six years ago. They have plenty of family here to make them feel at home and grandchildren to keep them busy: a son John, who lives in Monrovia; a son Frank, married, and with two boys, Paul and Stephen, in Arcadia; and right here in Sierra Madre, their daughter Mary, married to Richard Kohler, vice president of Acme Converting, who live at 60 Rancho Road, with their children Robert, who goes to Wilson, Kathy, attending St. Rita's, and Laura, who goes to nursery school. We certainly agree with the good judgment of anyone who returns here to live.

"I get equal earnings-and extra service."

"Sure, I want the most earnings I can get on my savings. And at Pasadena Federal, I do. Their basic annual rate is 4.85% from date funds are received, but as a matter of fact I can get MORE earnings on one of their special savings plans than at most other places. But the big thing to me is the friendly interest they take in me and my problems. They all know me, seem glad when I drop in, take time to talk. 'Service' is the extra I like at Pasadena Federal. You'll like it, too."

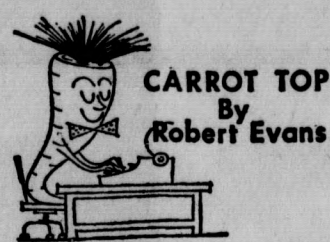

Current annual rate 4.85% on regular passbook savings—even higher rates on certificate accounts. All funds earn from date of receipt—or, if received by the 10th, earn from the 1st.

CARROT TOP
By Robert Evans

over 1964 . . . the increase was more gratifying when it was noted that the County as a whole showed only 2.5% increase, however the State showed 9% for the fourth quarter with the year still incomplete. 1966 should be a better year all around, as some businesses are reporting slight gains for the first quarter already . . . go get 'em, boys . . . the more business in Sierra Madre the more sales tax to help the homeowners.

—CT—

The water study for Sierra Madre's future supplemental water has been presented to the City Council and now becomes public record. This report has been over 18 months in the making and consists of about 100 pages on Sierra Madre's position. If interested, it would be well worth your effort to borrow a copy and do a little reading and studying. This will be a major problem for the future.

—CT—

Congratulations to Dick Dodge and the Parks and Recreation Commission for their new "Guide" to Sierra Madre Parks and recreation . . . it's a nice little brochure, easily read and understandable, with a calendar of future special events recorded for the balance of the year. You can have one for the asking at the City Hall. In fact, get several of them and distribute them to your friends and relatives.

—CT—

The political season is upon us, with candidates vying for your attention and vote in the June 7 primary, so in closing let us leave you with this one little remark: "Good men in political offices cannot make a falsely conceived idea good." . . . remember this, I hope, I hope, I hope.

Lola Rudbach Has Montana Visitors

Dr. and Mrs. Jon (Tony) Rudbach are presently visiting their mother, Mrs. Lola Rudbach, 119 Esperanza. Tony is active in medical research at the Rocky Mountain Laboratory, Hamilton, Montana. While here, he is attending the American Society of Microbiologists meeting in Los Angeles.

Tony is a product of the Sierra Madre Elementary School, Marshall Jr. High, PHS, UC, and U. of Michigan. His wife, Inge, has a BA in languages. The couple were married in Copenhagen, Denmark. Inge's home, six years ago, The couple love the Bitter Root Valley where Hamilton is located. They walk from their home to the river and fish for trout. Game hunting is good there, and this past winter, they have feasted on meat from the wild game Tony has shot, elk, deer, grouse, and pheasant. The couple hope to remain in Montana permanently.

OUT OF THE COBWEBS

Five Years Ago Today:
April 27, 1961

Mrs. Myrtle Heasley is honored as "Teacher of the Year" in Sierra Madre's 37th Public Schools Week.

James G. Robbins, 450 E. Grand View, is elected state vice president of the Junior Chamber of Commerce.

Woman's Club members capture awards at CFWC Convention. Mrs. Lydia Maricq, two awards for paintings, and the club one in literature and a certificate from Meals for Millions Foundation. Also, the club gave a plantation of 6,800 trees in the Angeles National Forest to commemorate its founding. Those attending were: Mrs. Ethel Harris, Mrs. Henry Wade Sr., Mrs. A. C. Bonn, Mrs. Grace Vane, Mrs. Walter D. Thurner, Mrs. A. S. Meyers, Mrs. Arthur Maricq, Miss Clara Sykes, Mrs. Henry Wade Jr., and Miss Ruth West.

Friends mourn the passing of Mrs. L. Clark at age 96, who had been a resident of Sierra Madre for 70 years.

Twenty Years Ago:
May 2, 1946
The Sierra Madre Garden Club displays at the Pasadena Flower Show are arranged by Gordon McTavish, F. D. R. Moore, president, and Mrs. Helen Narozny.

The public is invited to attend Chamber of Commerce Committee meeting for first time. Paul Carter addresses the gathering on annexing Hastings Ranch and William Bates and Frank Spencer present suggestions on additional parking facilities.

C. Jacques Hahn, city landscape architect and representing Sierra Madre Garden Club as active director of the Pasadena Flower Show Association, wins silver medal at Southern California Spring Flower Show

at Brookside.

Mr. and Mrs. Emil Smith sell S.M. News Stand to S. Dusan and S. Willie.

Thirty Years Ago:
May 1, 1936
W. E. Farman, founder of city's telephone system, passes at 81 and is mourned by many.

Seven-year-old George Tyree of 140 S. Hermosa is to play the violin with a group at the Pacific Institute of Music and Fine Arts in Los Angeles.
